LETTER OF RECOMMENDATION

Dear Sirs,

Our project Philips Matsushita Battery Poland in Gniezno

We declare that the company ELEKTROMONTAŻ executed the following electrical works for us at the PMBP project:

- 1/ installation of the complete internal and external illumination systems
- 2/ installation of a high tension cabinet
- 3/ execution of the underground cable network
- 4/ installation of a transformer station
- 5/ installation of a diesel emergency power system
- 6/ all electrical connections of the production machines
- 7/ installation of a fire detection system
- 8/ installation of a telephone system

The total contract sum amounted to 1.300.000 DM (excl. VAT).
All these works were executed according to the investors' very high quality standards and with short delays, mainly thanks to a very good cooperation with the experienced ELEKTROMONTAŻ site management.
